LANDSCAPE AND LEISURE PRODUCT LINE

Turf Master Gold

Our lushest and most dense landscape offering. With a blended polypropylene and polyethylene product that utilizes multi-color root zone and blade fiber to give your lawn the most realistic look in the industry.

Turf Master Silver

A denser blend of polypropylene and polyethylene product than Turf Master Bronze. Multi-color root zone and blade fiber create a realistic look and feel.

Turf Master Bronze

Blended polypropylene and polyethylene product that utilizes multi-color root zone and blade fiber to give your lawn a realistic look and feel.

Estate Grass

Extremely durable nylon incorporates both root zone and blade technology to give the ultimate synthetic turf experience. Great for multi-use applications such as lawns, pet areas, and pools. Pet Friendly

Harmony

Low profile, plush blend of soft polyethylene and durable nylon root zone. Ideal for pets and family. Pet Friendly

Balance

Dense, low profile turf made of 100% polypropylene fiber. "Slit-film" construction. Perfect for high traffic areas. Pet Friendly

With more than three decades of experience furnishing and installing synthetic surfaces for leading schools and universities, you can trust the New England Turf Store to transform your yard, deck or play area into a safe, beautiful and low maintenance showcase that will be the envy of your neighborhood!
